

The background of the slide is a light gray gradient. It is decorated with numerous realistic water droplets of various sizes. Some droplets are at the top, some are in the middle, and a larger cluster is on the right side. The droplets have highlights and shadows, giving them a three-dimensional appearance.

CI/CD BENEFITS

HOW ORGANIZATIONS SAVE COST AND DELIVER
FASTER?

CONTINUOUS INTEGRATION

- ☐ **Make changes faster**
 - ☐ **Find problems easily**
 - ☐ **Increases the code quality**
 - ☐ **Improved developer productivity**
 - ☐ **Reduce costs**
 - ☐ **Happy customers**
- 

CONTINUOUS DEPLOYMENT

- ☐ **Automate the software release process**
- ☐ **Improve developer productivity**
- ☐ **Improve code quality**
- ☐ **Deliver updates faster**

•

Perfomance	Value
Less developer time on issues from new developer code	Reduce Cost
Less infrastructure costs from unused resources	Reduce Cost
Less bugs in production and less time in testing	Avoid Cost
Prevent embarrassing or costly security holes	
Less human error, Faster deployments	
New value-generating features released more quickly	Increase Revenue
Less time to market	
Reduced downtime from a deploy-related crash or major bug	Protect Revenue
Quick undo to return production to working state
